PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS
To be Held
Thursday, April 26, 2007

GENERAL

This Proxy Statement is provided to the shareholders of Lincoln Educational Services Corporation, a New Jersey corporation (the "Company"), to solicit proxies, in the form enclosed, for use at the Annual Meeting of Shareholders of the Company to be held on Thursday, April 26, 2007, at the Wilshire Grand Hotel, 350 Pleasant Valley Way, West Orange, New Jersey 07052, at 10:00 a.m. local time, and any and all adjournments or postponements thereof. The board of directors knows of no matters to come before the annual meeting other than those described in this Proxy Statement. This Proxy Statement and the enclosed form of proxy are first being mailed to shareholders on or about March 26, 2007.

Solicitation

This solicitation is made by mail on behalf of the board of directors of the Company. The Company will pay for the costs of the solicitation. Further solicitation of proxies may be made, including by mail, telephone, fax, in person or other means, by the directors, officers or employees of the Company or its affiliates, none of whom will receive additional compensation for such solicitation. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to their customers or principals who are the beneficial owners of shares of the Company's common stock, no par value per share (the "Common Stock").

Voting Procedures

Only those holders of Common Stock of record as of the close of business on March 15, 2007, the record date, will be entitled to notice of and to vote at the annual meeting. A total of 25,460,995 shares of Common Stock were issued and outstanding as of the record date. Each share of Common Stock entitles its holder to one vote. Cumulative voting of shares of Common Stock is not permitted.

Shareholders of record can vote either in person at the annual meeting or by proxy whether or not they attend the meeting. To vote by proxy, a shareholder must either: (a) fill out the enclosed proxy card, date and sign it, and return it in the enclosed postage-paid envelope, or (b) vote by Internet (instructions are on the proxy card).

The presence in person or by proxy of holders of a majority of the outstanding shares of Common Stock entitled to vote will be necessary to constitute a quorum to transact business at the annual meeting. Abstentions and broker non-votes will be treated as present for purposes of determining the existence of a quorum. At the annual meeting, directors will be elected by a plurality of the votes cast and a majority of the votes cast will be required to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm. Abstentions, however, will not be counted as votes "for" or "against" the election of directors or "for" or "against" the ratification of the appointment of Deloitte & Touche LLP. It is expected that brokers will have discretionary power to vote on each of the proposals.

Shares of Common Stock represented by properly executed proxies in the form enclosed that are timely received by the Secretary of the Company and not validly revoked will be voted as specified on the proxy. If no specification is made on a properly executed and returned proxy, the shares represented thereby will be voted FOR the election of each of the nine nominees for director named in this Proxy Statement and FOR the ratification of the appointment of Deloitte & Touche LLP as the independent registered public accounting firm of the Company. If any other matters properly come before the annual meeting, it is the intention of the persons named in the accompanying proxy to vote such proxies in their discretion. In order to be voted, each proxy must be filed with the Secretary of the Company prior to exercise.

Revocability of Proxies

Shareholders may revoke a proxy at any time before the proxy is exercised. This may be done by filing a notice of revocation of the proxy with the Secretary of the Company, by filing a later-dated proxy with the Secretary of the Company or by voting in person at the annual meeting.

PROPOSAL NUMBER ONE—ELECTION OF DIRECTORS

Shareholders will be asked at the annual meeting to elect nine directors. Our bylaws allow for a minimum of three directors and a maximum of 11 directors. Each elected director will hold office until the next annual meeting of shareholders and until the director's successor is duly elected and qualified. The board of directors knows of no reason why any of the nominees would be unable or unwilling to serve, if elected, but if any nominee should for any reason be unable or unwilling to serve, if so elected, the proxies received by the Company will be voted for the election of such other person for the office of director as the board of directors may recommend in the place of such nominee.

Shareholders may withhold authority to vote their proxies for either (i) the entire slate of nominated directors by checking the box marked WITHHOLD AUTHORITY on the proxy card, or (ii) any one or more of the individual nominees, by following the instructions on the proxy card. Instructions on the accompanying proxy card that withhold authority to vote for one or more of the nominees will cause any such nominee to receive fewer votes.

Upon recommendation of the Nominating and Corporate Governance Committee, the following nine persons have been selected by the board of directors as nominees for election to the board of directors: David F. Carney, Alexis P. Michas, James J. Burke, Jr., Steven W. Hart, Jerry G. Rubenstein, Paul E. Glaske, Peter S. Burgess, J. Barry Morrow and Celia Currin. All of the nominees are incumbent directors. Additional information about these nominees is provided in the table and biographical information that follow.

Required Vote

A plurality of the votes cast at the annual meeting is required for the election of directors.

The board of directors unanimously recommends a vote FOR each of the named nominees.

Information on Board of Directors and its Committees

Directors are expected to attend our annual meeting of stockholders, board meetings and meetings of the committees on which they serve. They are also expected to prepare for meetings in advance and to dedicate the time at each meeting as necessary to properly discharge their responsibilities. Informational materials, useful in preparing for meetings, are distributed in advance of each meeting. In 2006, there were four meetings of the Board, and each of the directors attended at least 75% of the meetings of the Board and committees on which he or she served. In addition, Directors Burgess, Burke, Carney, Currin, Hart, Michas, Morrow and Rubenstein attended our 2006 Annual Meeting of Stockholders.

The board of directors has an Audit Committee, a Compensation Committee and a Nominating & Corporate Governance Committee.

Audit Committee

The Audit Committee consists of Directors Burgess (Chairman), Rubenstein and Currin. It held six meetings in 2006. The board of directors has adopted a written charter for the Audit Committee. The charter of the Audit Committee is available on our website at www.lincolneducationalservices.com. The Audit Committee is directly responsible, among other things, for our accounting and financial reporting processes; the quality and integrity of our financial statements; the quality and integrity of our system of internal controls; our compliance with laws and regulations; our independent auditor's qualifications and independence; and the audit of our financial statements by a qualified independent auditor.

To fulfill these responsibilities, the audit committee will be aware of the current areas of greatest financial risk to us and understand management's assessment and management of the risks; consider the effectiveness of our disclosure controls and procedures to promote timely, accurate, compliant and meaningful disclosure in our periodic reports filed with the Securities and Exchange Commission ("SEC"); periodically review with the independent auditors their assessment as to the adequacy of our structure of internal controls over financial accounting and reporting, and their qualitative judgments as to the accounting principles employed and related disclosures by us and the conclusions expressed in our financial reports; review with management and the independent auditors our accounting policies and practices to ensure they meet the requirements with respect to the FASB, the SEC and the American Institute of Certified Public Accountants; select, evaluate and, if necessary, replace our independent auditors; actively engage in dialogue with the independent auditors with respect to any disclosed relationships or services that may impact the objectivity or independence of the independent auditors; engage advisors, as the committee determines is necessary, to carry out its duties; meet with the independent auditors, the internal auditors and senior management to review the scope and methodology of the proposed audit; discuss with management policies and practices regarding earnings press releases, as well as financial information and earnings guidelines provided to analysts and rating agencies; set clear hiring policies with respect to any current or former employees of our independent auditors; and establish procedures for the receipt, retention and treatment of complaints we receive regarding our internal accounting controls or auditing matters and for the confidential, anonymous submission by employees of their concerns regarding our internal accounting controls and auditing matters.

The board of directors has determined that each of Messrs. Burgess and Rubenstein is an “audit committee financial expert” within the meaning of the regulations of the SEC. Messrs. Burgess and Rubenstein and Ms. Currin are independent directors under the Sarbanes-Oxley Act of 2002 and the Nasdaq listing standards.

Nominating & Corporate Governance Committee

The Nominating & Corporate Governance Committee consists of Directors Michas (Chairman), Burke, Glaske and Morrow. The composition of the Nominating and Corporate Governance Committee does not, and is not required to, satisfy the independence requirements of The Nasdaq Global Market because we are a controlled company. The Committee held two meetings in 2006. The charter for the Nominating & Corporate Governance Committee is published on our website at www.lincolneducationalservices.com. The Nominating & Corporate Governance Committee is responsible for, among other things, making recommendations to the board of directors with respect to corporate governance policies and reviewing and recommending changes to the Company’s corporate governance guidelines that have been adopted by the board of directors. The Committee also recommends to the board of directors candidates for nomination for election as directors of the Company and appointments of directors as members of the committees of the board of directors.

The Nominating & Corporate Governance Committee considers candidates for directors suggested by shareholders for elections to be held at an annual meeting of shareholders. Shareholders can suggest qualified candidates for directors by complying with the advance notification and other requirements of the Company’s Bylaws regarding director nominations. Director nomination materials submitted in accordance with the Bylaw procedures will be forwarded to the Chairman of the Nominating & Corporate Governance Committee for review and consideration. Director nominees suggested by shareholders will be evaluated in the same manner, and subject to the same criteria, as other nominees evaluated by the Committee. The Committee also considers candidates for director suggested by its members, other directors and management and may from time to time retain a third-party executive search firm to identify director candidates for the Committee.

Generally, once the Nominating & Corporate Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate based on information provided to the Committee with the recommendation of the candidate, as well as the Committee’s own knowledge of the candidate, which may be supplemented by inquiries to the person making the recommendation or others. The initial determination is based primarily on the need for additional directors to fill vacancies or expand the size of the board of directors and the likelihood that the candidate can satisfy the evaluation factors described below. If the Committee determines, in consultation with the Chairman of the Board and other directors, as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the candidate’s background and experience and to report its findings to the Committee. The Committee then evaluates the candidate against the standards and qualifications set out in guidelines for director candidates adopted by the board of directors, including the nominee’s management, leadership and business experience, skill and diversity, such as financial literacy and knowledge of directorial duties, and integrity and professionalism.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the board of directors, the balance of management and independent directors, the need for particular expertise (such as Audit Committee expertise) and the evaluations of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and, if warranted, one or more members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full board of directors as to the persons who should be nominated by the board of directors and the board of directors determines the nominees after considering the recommendation of the Committee.

Compensation Committee

The Compensation Committee consists of Directors Burke (Chairman), Glaske, Hart and Michas. The composition of the compensation committee does not, and is not required to, satisfy the independence requirements of The Nasdaq Global Market because we are a controlled company. The Compensation Committee held four meetings in 2006. The Compensation Committee has the authority to develop and maintain a compensation policy and strategy that creates a direct relationship between pay levels and corporate performance and returns to stockholders; recommend compensation and benefit plans to our board for approval; review and approve annual corporate and personal goals and objectives to serve as the basis for the chief executive officer’s compensation; evaluate the chief executive officer’s performance in light of the goals and, based on such evaluation, determine the chief executive officer’s compensation; determine the annual total compensation for our named executive officers; with respect to our equity-based compensation plans, approve the grants of stock options and other equity-based incentives as permitted under our compensation plans; review and recommend compensation for non-employee directors to our board; and review and recommend employment agreements, severance arrangements and change of control plans that provide for benefits upon a change in control, or other provisions for our executive officers and directors, to our board. The Compensation Committee also has the power to delegate its authority and duties to subcommittees or individual members of the committee, as it deems appropriate in accordance with applicable laws and regulations. The charter for the Compensation Committee is published on our website at www.lincolneducationalservices.com.

Compensation Committee Interlocks And Insider Participation

Messrs. Burke, Glaske, Michas and Hart served on the Compensation Committee during the 2006 fiscal year. There were no Compensation Committee interlocks or insider (employee) participation during 2006.

Based solely on the Company's review of copies of such forms filed pursuant to Section 16(a) of the Securities Exchange Act of 1934, the Company believes that all Securities and Exchange Commission filing requirements applicable to the Company's directors and executive officers and beneficial owners of 5% or more of the Company's Common Stock for 2006 were timely met.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides an overview and analysis of our compensation program and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions. Later in this proxy statement under the heading “Additional Information Regarding Executive Compensation” you will find a series of tables containing specific information about the compensation earned or paid in 2006 to the following individuals, whom we refer to as our named executive officers:

- David F. Carney, Chairman and Chief Executive Officer
- Lawrence E. Brown, Vice Chairman
- Shaun E. McAlmont, President and Chief Operating Officer
- Scott M. Shaw, Executive Vice President
- Cesar Ribeiro, Senior Vice President, Chief Financial Officer and Treasurer

The discussion below is intended to help you understand the detailed information provided in those tables and put that information into context within our overall compensation program.

Compensation Committee

The Compensation Committee of the Board of Directors (the “Committee”) has responsibility for establishing, implementing and monitoring adherence with our compensation program. The role of the Committee is to oversee, on behalf of the Board and for the benefit of the Company and its shareholders, our compensation and benefit plans and policies, administer our stock plans (including reviewing and approving equity grants to directors and executive officers) and review and approve annually all compensation decisions relating to our named executive officers. The Committee’s charter requires that the Committee meet a minimum of two times annually to review executive compensation programs, approve compensation levels and performance targets, review management performance, and approve final executive bonus distributions. The Committee met four times in 2006.

Compensation Philosophy and Objectives

The Company and the Committee believe that compensation paid to executive officers should be closely aligned with our performance on both a short-term and long-term basis, and that such compensation should assist us in attracting and retaining key executives critical to our long-term success.

Our compensation program is designed to offer executive officers competitive compensation based on our performance, our unique niche, strategy, business model and execution and on the individual’s contribution, performance and leadership. Our compensation policies are intended to motivate, reward and retain highly qualified executives for long-term strategic management and the enhancement of shareholder value, to support a performance-oriented environment that rewards achievement of specific internal Company goals, and to attract and retain executives whose abilities are critical to our long-term success and competitiveness.

The Compensation Committee has reviewed all components of the compensation for the named executive officers, including salary, bonus, equity and long-term incentive compensation, accumulated realized and unrealized stock options, the dollar value to the executive and cost to the Company of all perquisites, and the actual projected payout obligations under potential severance and change-in-control scenarios.

Setting Executive Compensation

We intend to continue our strategy of compensating our executives through programs that emphasize performance-based incentive compensation. We have structured annual and long-term cash and non-cash executive compensation to motivate executives to achieve the business goals set by the Company and rewards the executives for achieving such goals. For the named executive officers, the current compensation package includes a base salary, an annual cash incentive and grants of stock options. Base salary is intended to provide a certain level of income commensurate with an executive’s position, responsibilities, and contributions to the Company. The Committee believes the combined value of base salary plus annual cash incentive is competitive with the salary and bonus provided to similarly situated executives for companies in our industry. In allocating compensation among these components, the Committee believes that the compensation of our senior levels of management, the levels of management having the greatest ability to influence our performance, should be predominately performance based, while lower levels of management should receive a greater portion of their compensation as base salary.

The three main components in our executive compensation program are:

- Base Salary
- Incentive Bonus
- Stock Incentives

Base Salary

Base salaries for our named executive officers are based on job responsibilities and individual contribution with reference to base salary levels of executives at comparable publicly held companies and our general compensation practices. Our base salary levels reflect a combination of factors, including competitive pay levels, the executive's experience and tenure, our overall annual budget for both merit increases and pre-tax profit, the executive's individual performance, and changes in responsibility. We review salary levels annually to recognize these factors. We do not target base salary at any particular percent of total compensation.

Annual Incentive Bonuses

Our named executive officers are eligible to participate in the Management Incentive Compensation Plan (the "MIC Plan"). Under the MIC Plan, the Committee approves an annual incentive cash bonus calculation for our named executive officers taking into account certain financial performance targets and the individual's strategic task accomplishments. Such bonuses, if any, are intended to reflect the Committee's belief that a portion of the annual compensation of each executive officer should be contingent upon the performance of the Company, as well as the individual contribution of each officer. The amount of such bonus will be based upon our achievement of revenue and net income targets as well as each officer's achievement of key non-financial performance objectives, in each case established each year by the Committee and our Board of Directors.

For 2006, the Committee and our Board of Directors set the target bonus levels equal to 100% of base salary for our Chairman and Chief Executive Officer and 75% of base salary for the named executive officers other than our CEO. For each of the named executive officers, including the CEO, the bonus calculations were as follows: (a) 60% of each executive officer's target bonus would be awarded if we achieved our net income goal; (b) 20% of the target bonus would be awarded if we achieved our revenue goal; and (c) 20% of the target bonus would be awarded if the named executive officer achieved his key non-financial performance objectives.

Net Income Component

The named executive officers can earn a portion of their target bonus if our net income is within 10% of our annual target goal. For illustration purposes only, if our net income target was \$1,000,000 and our audited financials for that year showed a net income of \$990,000 (or 99% of our target), the named executive officers would receive 90% of their 60% target bonus attributable to net income. The percentage would decrease by 10% for each percentage point under the target goal. Using the same example, if our audited financials showed net income of \$900,000 (or 90% of our goal), the named executive officers would not receive any portion of their annual bonus attributable to net income.

Our executive officers can earn more than their target bonus if our net income is greater than the target goal. Using the example in the previous paragraph, if our audited financials for that year showed a net income of \$1,010,000 (or 101% of our target), the named executive officers would receive 104% of their 60% target bonus that is applicable to net income. The percentage would increase by 4% for each percentage point above the target goal. The maximum amount that can be earned by each named executive officer is 200% of their 60% target bonus component for net income.

We did not achieve our net income goal in 2006. Therefore, our named executive officers received 0% of their 60% target bonus attributable to net income.

Revenue Component

Similar to the net income component, the named executive officers can earn a portion of their target bonus if our revenues were within 5% of our annual target goal. For illustration purposes only, if our revenue target was \$100,000,000 and our audited financials for that year showed revenue of \$99,000,000 (or 99% of our target), the named executive officers would receive 80% of their 20% target bonus attributable to revenue. The percentage would decrease by 20% for each percentage point under the target goal. Using the same example, if our audited financials showed revenue of \$95,000,000 (or 95% of the Company's target), the named executive officers would not receive any portion of their annual bonus attributable to revenue.

Table of Contents

Our executive officers can earn more than their target bonus if our revenue was greater than the target goal. Using the example in the previous paragraph, if the audited financials for that year showed revenue of \$101,000,000 (or 101% of our annual target), the named executive officers would receive 104% of their 20% target bonus that is applicable to revenue. The percentage would increase by 4% for each percentage point over the target goal. The maximum amount that can be earned by each named executive officer is 200% of their 20% target bonus component for revenue.

We did not achieve our revenue goal in 2006. Therefore, our named executive officers received 0% of their 20% target bonus that was applicable to revenue.

Key Non-Financial Performance Objectives Component

Each of our named executive officers can earn 20% of their target bonus for the achievement of their key non-financial performance objectives. As discussed earlier, the Committee and our Board of Directors establish key non-financial performance objectives for each of our named executive officers. Our named executive officers achieved between 66% and 100% of their non-financial performance objectives for 2006.

Discretionary Awards

Our management has the discretion, subject to the approval of our Chairman and Chief Executive Officer, the Committee and the Board of Directors, to make adjustments (up to 20%) above or below the amount calculated under the target formula, in cases where circumstances not under the control of our named executive officers have affected (positively or negatively) their ability to meet performance targets. The Committee and the Board of Directors approved discretionary award bonuses for 2006 to Messrs. Ribeiro, Brown and Shaw. These discretionary awards ranged from 3.8% to 6.9% of their annual target bonus opportunity. Mr. Carney cannot award himself a discretionary award.

The Committee and the Board of Directors, at their discretion, may also award additional bonuses above the amount calculated under the target formula, irrespective of whether or not the named executive officers achieved their target bonus opportunity. The Committee and the Board of Directors did not exercise this discretion in 2006.

Pursuant to our Employment Agreement with Shaun McAlmont, dated September 26, 2006, the annual incentive bonus payable to Mr. McAlmont for 2006 could not be less than \$150,000, irrespective of whether or not we achieved our revenue and net income target. The amended and restated employment agreements for Mr. McAlmont and for each of our other named executive officers, dated February 1, 2007, do not contain a minimum incentive bonus provision.

For 2006, the named executive officers received an annual incentive bonus between 20% to 26.7% of their respective target bonus opportunities, with the exception of Mr. McAlmont, who received an annual incentive bonus equal to 72.7% of his target bonus opportunity.

For additional information about the Annual Incentive Bonuses, please refer to the “Grants of Plan-Based Awards” table, which shows the target and maximum bonus amounts payable under the plan for 2006, and the Summary Compensation Table, which shows the actual amount of bonuses paid under the plan to our named executive officers for 2006.

Stock Incentives

Stock option grants provide for potential financial gain derived from the potential appreciation in stock price from the date that the option is granted until the date that the option is exercised. The exercise price of stock option grants is set at fair market value on grant date. Under the shareholder-approved 2005 Long-Term Incentive Stock Plan, the Company may not grant stock options at a discount to fair market value or reduce the exercise price of outstanding stock options except in the case of a stock split or other similar event. The Company’s long-term performance ultimately determines the value of stock options, because gains from stock option exercises are entirely dependent on the long-term appreciation of the Company’s stock price. Stock options granted in 2006 vest ratably in equal installments on the first, second and third anniversaries of the grant date and expire ten years from the grant date.

The Committee believes that stock incentives provide an incentive that focuses the executive’s attention on the Company from the perspective of an owner with an equity stake in the business. Stock options are generally granted with an exercise price equal to the fair market value of the Common Stock on the date of grant, which provides value to the recipient only when the price of the Company’s stock increases above the exercise price (that is, only to the extent that shareholders as a whole have benefited). Generally, stock options granted to executive officers vest ratably over a three-year period based on the option holder’s continuous service with the Company. This vesting feature encourages retention and provides long-term incentive.

Table of Contents

Because a financial gain from stock options is only possible after the price of our common stock has increased, we believe stock grants encourage executives and other employees to focus on behaviors and initiatives that should lead to an increase in the price of our common stock, which benefits all of our shareholders.

In 2006, the Committee made grants of stock options to two of our named executive officers under the Company's 2005 Long-Term Incentive Plan. The details of these grants are provided in the Summary Compensation Table below.

No Backdating or Spring Loading:

Lincoln does not backdate options or grant options retroactively. In addition, we do not plan to coordinate grants of options so that they are made before announcement of favorable information or after announcement of unfavorable information. Lincoln's options are granted at fair market value on the date the option grants are approved by our Compensation Committee. Fair market value has been consistently determined as the closing price on the Nasdaq Global Market on the grant date. All grants require the approval of the Compensation Committee. The Company's general practice is to grant options only on the dates of each Committee meeting, although there are occasions when grants have been made on other dates. The Company is working to eliminate "off cycle" grants to the extent possible.

Retirement Plans

The Company maintains a plan qualified under Section 401(k) of the Internal Revenue Code. Under our 401(k) plan, a participant may contribute a maximum of 25% of his or her pre-tax salary, commissions and bonuses through payroll deductions, up to the statutorily prescribed annual limit (\$15,000 in calendar year 2006). The percentage elected by more highly compensated participants may be required to be lower. In addition, at the discretion of our board of directors, we may make discretionary matching and/or profit-sharing contributions into our 401(k) plan for eligible employees, which may be subject to vesting requirements.

With respect to each of the named executive officers, the following matching contributions were made on their behalf under our 401(k) plan for 2006: \$4,342 for Mr. Camey; \$4,342 for Mr. Brown; \$2,842 for Mr. Shaw; \$2,842 for Mr. Ribeiro; and \$2,385 for Mr. McAlmont.

We believe that a 401(k) plan induces our employees to save for future retirement needs and we encourage this by matching 30% of our employee's annual contributions, up to 6% of total compensation.

The Company also maintains a pension plan for certain employees, which is a defined benefit pension plan, intended to qualify under Section 401(a) and Section 501(a) of the Code. This plan was frozen at December 31, 1994 for non-union employees. Benefits under this plan are funded through employer contributions. Our employees are eligible to participate in the pension plan when they have satisfied the years of service and age requirements. The pension plan provides a benefit upon normal retirement (which is age 65) equal to: 1.5% of 'average monthly earnings' (as defined in the pension plan) multiplied by the number of the participant's years of service up to a maximum of 35 years plus any past service accrued benefit. Average monthly earnings are generally the participants' average of monthly earnings, which includes items includible as compensation as described in the applicable Code regulations. The plan permits early retirement at age 55, provided that the participant has been credited with at least 15 years of service.

Participants generally become 100% vested in their benefits under the pension plan when they complete five years of service unless the plan is deemed to be a 'top heavy plan' (as defined in the pension plan).

Benefits under the pension plan are normally payable in the form of a single-life annuity in the case of unmarried participants, and in the form of a joint and survivor annuity in the case of married participants.

With respect to each of the named executive officers, only Mr. Brown is eligible to participate in the pension plan. Mr. Brown has 27 credited full years of service under the pension plan as of the date of this proxy statement.

Perquisites and Other Personal Benefits

We provide each of the named executive officers with use of a vehicle for business and personal use and pay for associated costs, including automobile insurance, parking and fuel, as part of their employment agreements described below. The value of this benefit is disclosed in the Summary Compensation Table.

Our named executive officers are also eligible to participate in (as are all our employees who meet service requirements under the several plans) our medical and dental health insurance plans, our life insurance plan (benefit equal to \$100,000) and long-term disability insurance plan.

The medical and dental plans require a contributory amount to be paid by all participants. While no participant contribution is required for the life insurance plan, we do include the cost of those benefits that exceed \$50,000 in participants' reported income to the Internal Revenue Service. We provide a long-term disability insurance plan under which we pay the insurance premiums. In some cases, our named executive officers and other participants have requested, and been permitted, to pay the premiums themselves, so that any benefits paid upon disability would not be taxable to the participant.

We believe that the several insurance plans we offer are important components of our comprehensive benefit package, which induces employees to remain with us.

Mr. McAlmont has been reimbursed certain expenses associated with his relocation in 2006 from Colorado to New Jersey in accordance with the Company's Relocation Policy. To date, approximately \$18,000 has been reimbursed under that policy. In addition, the Company agreed to purchase Mr. McAlmont's home in Colorado. The \$520,000 price paid for Mr. McAlmont's home equaled the average of the amount of two independent appraisers selected by us.

Non-Qualified Deferred Compensation

None of our named executive officers participate in a non-qualified deferred compensation program.

Employment-Related Arrangements

The employment agreements for each of our named executive officers were amended and restated on February 1, 2007. The descriptions of the employment agreements below reflect these amendments.

Employment Agreement with David F. Carney

Employment Period. The agreement provides that Mr. Carney will serve as our Chairman and Chief Executive Officer for a term ending on December 31, 2008.

Compensation and Benefits. We have agreed that we will compensate Mr. Carney with a minimum annual base salary of \$385,000. Mr. Carney will also be eligible to earn an annual bonus for each calendar year during the term of his employment, pursuant to the terms of our MIC Plan in effect for such calendar year. For a description of the MIC Plan, please see page 10.

Mr. Carney will also be included, to the extent eligible, in all of our employee benefit plans, programs and arrangements (including, without limitation, any plans, programs or arrangements providing for retirement benefits, profit sharing, disability benefits, health and life insurance or vacation and paid holidays) that are established for, or made available to, our senior executives. In addition, we will furnish Mr. Carney with coverage by our customary director and officer indemnification arrangements, subject to applicable law.

Involuntary Termination. In the event that during Mr. Carney's employment term, there is an "Involuntary Termination" (as defined below) of Mr. Carney's employment, we will pay him: (1) two times the amount of his base salary, as is then in effect; (2) two times the average of his annual bonus; (3) all outstanding reasonable travel and other business expenses incurred as of the date of his termination; and (4) the employer portion of the premiums necessary to continue his health care coverage for the earlier of (A) one year and (B) the date on which he is covered under another group health plan. Mr. Carney will also be entitled to (1) the continued use of an automobile and payment of associated costs by us for the greater of (A) one year and (B) the remainder of his employment term and (2) receive any other accrued compensation and benefits otherwise payable to him as of the date of his termination. All the aforementioned payments would be paid by us in a lump-sum amount no later than 30 days after the date of his termination. This lump sum payment may be deferred for six months, if necessary, to comply with the American Jobs Creation Act of 2004. For purposes of Mr. Carney's employment agreement, "Involuntary Termination" means the termination of his employment (1) by us (or any successor thereto) without "Cause" (as defined in his employment agreement) or (2) by Mr. Carney for "Good Reason" (as defined in his employment agreement).

Termination for Cause, Death or Disability; Resignation Other than for Good Reason. In the event that during Mr. Carney's employment term, Mr. Carney's employment is terminated by us for Cause, or Mr. Carney resigns from his employment other than for Good Reason, we will pay him (or his estate, if applicable) his accrued but unpaid base salary earned through the date of termination, unreimbursed expenses, plus any other accrued but unpaid employee benefits earned through the date of his termination, including, without limitation, any annual bonus due but not yet paid for a completed calendar year.

Change in Control. Upon a Change in Control (as defined in his employment agreement), we (or our successor) will continue the employment of Mr. Carney, and Mr. Carney will continue performing services for us for a period of two years commencing on the date of the Change in Control and ending on the second anniversary thereof. Upon a Change in Control, all outstanding stock options granted by us or any of our affiliates to Mr. Carney will become fully vested and immediately exercisable on the date of the Change in Control.

During a 30-day period commencing on the first anniversary of the date of the Change in Control, Mr. Carney will have the right to resign from his employment with us (or our successor) for any reason and receive an amount equal to (i) one times the amount of his base salary, as is then in effect, and (ii) one times the average of his annual bonus paid to him for the two years immediately prior to the year in which such resignation occurs. If, however, such resignation constitutes an Involuntary Termination (as defined above), he will receive payments in accordance with an Involuntary Termination. All of the aforementioned payments would be paid by us in a lump-sum amount no later than 30 days after the date of his termination.

Reduction in Payments. The employment agreement contains an Internal Revenue Code, as amended (the “Code”) Section 280G “cusp” provision. In the event that any payment or distribution by us to or for the benefit of Mr. Carney pursuant to the terms of the employment agreement or otherwise would be considered a “parachute payment” and the amount of the parachute payment, after deduction of all relevant taxes, including excise taxes imposed by Code Section 4999, is less than the amount Mr. Carney would receive if he was paid three times his average “base amount” less \$1.00, then the aggregate amounts constituting the parachute payment will be reduced (or returned by Mr. Carney if already paid to him) to an amount that will equal three times his average “base amount” less \$1.00.

Noncompetition. Mr. Carney is subject to a noncompetition restrictive covenant during the term of his employment and for one year thereafter, although the covenant will not apply if his employment is terminated due to an Involuntary Termination or he resigns during the 30-day period commencing on the first anniversary of a Change in Control.

Nonsolicitation. Mr. Carney is subject to a nonsolicitation restrictive covenant of clients, employees and key consultants during the term of this employment and for one year thereafter.

Confidentiality. Mr. Carney is subject to a confidentiality restrictive covenant of unlimited duration.

Arbitration. Any dispute or controversy arising under or in connection with Mr. Carney’s employment agreement that cannot be mutually resolved by him and us will be settled exclusively by arbitration in West Orange, New Jersey. The cost of the arbitration will be borne by the parties in the manner determined by the arbitrators.

Waiver and Release. Our obligations under Mr. Carney’s employment agreement are subject to Mr. Carney executing and delivering a waiver and release (relating to his release of claims against us) in a form reasonably and mutually agreed upon.

Employment Agreements with Named Executive Officers other than Mr. Carney

The terms of the Company’s employment agreements for Messrs. Brown, McAlmont, Shaw and Ribeiro are identical to those set forth in Mr. Carney’s employment agreement described above, except that (a) Mr. Brown will serve as Vice Chairman and will receive a minimum annual base salary of \$340,000; (b) Mr. McAlmont will serve as President and Chief Operating Officer and will receive a minimum annual base salary of \$300,000; (c) Mr. Shaw will serve as Executive Vice President and will receive a minimum annual base salary of \$290,000; (d) Mr. Ribeiro will serve as Senior Vice President, Chief Financial Officer and Treasurer, and will receive a minimum annual base salary of \$275,000; and (d) in the event of an Involuntary Termination of either of Messrs. Brown’s, McAlmont’s, Shaw’s or Ribeiro’s employment term, each shall only be entitled to receive a payment of one and one half times his base salary and annual bonus.

Transactions With Related Persons

The Company recognizes that related person transactions present a heightened risk of conflicts of interest. As a general matter, it is the preference of the Company to avoid related person transactions. The term “related person transaction” refers to a transaction required to be disclosed pursuant to Item 404 of Regulation S-K, under the Securities Act of 1933, as amended.

Nevertheless, the Company recognizes that there are situations where related person transactions may be in, or may not be inconsistent with, the best interests of the Company and its shareholders. As a result, pursuant to the Company’s Audit Committee (the “Committee”) written charter, the Committee is charged with the responsibility to review and approve all related person transactions on an ongoing basis. All such transactions must be approved in advance by the Audit Committee.

In addition, the Company's Code of Business Ethics and Conduct (the "Code of Conduct") contains policies and procedures with respect to conflicts of interest and related person transactions. The Code of Conduct requires that all directors, officers, employees and certain other persons subject to the Code of Conduct, adhere to it and prohibits certain arrangements that may be relevant to related person transactions including, but not limited to, prohibitions against: obtaining a substantial interest in any entity which does or seeks to do business with, or is a competitor of, the Company; entering into various arrangements (including family or other relationships) which might dissuade such director, officer, employee or other person from acting in the best interest of the Company; entering into a financial transaction or relationship with a student, prospect, vendor, agent or competitor of the Company; benefiting, or seeking to benefit, (directly or indirectly) from such person's position with the Company from any sale, purchase or other activity of the Company; using Company property or information for personal gain; obtaining loans or guarantees for personal obligation from the Company; and competing with the Company.

Based on that review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

(1) Represents the proportionate amount of the total fair value of option awards recognized by the Company as an expense in 2006 for financial accounting purposes. The fair values of these awards and the amounts expensed in 2006 were determined in accordance with Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (revised 2004) Share-Based Payment (FAS 123R). The awards for which expense is shown in this table include the awards described in the Grants of Plan-Based Awards table beginning on page 22 of this Proxy Statement, as well as awards granted in 2002 through 2006 for which we continued to recognize expense in 2006. The assumptions used in determining the grant date fair values of these awards are set forth in the notes to the Company's consolidated financial statements, which are included in our Annual Report on Form 10-K for the year ended December 31, 2006 filed with the SEC.

(2) Reflects the value of cash incentive bonuses earned under our Annual Incentive Plan.

(3) Reflects the increase during 2006 in actuarial present values of Mr. Brown's accumulated benefits under our Pension Plan.

(1) Represents target and maximum payout levels under the Annual Incentive Plan for 2006 performance. The actual amount of incentive bonus earned by each named executive officer in 2006 is reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table. Additional information regarding the design of the Annual Incentive Plan is included in the Compensation Discussion and Analysis beginning on page 9.

(2) Options were awarded under the Company's 2005 Long-Term Incentive Plan and vest ratably on the first, second and third year anniversary of the grant date.

(3) Represents the grant date fair value of the award determined in accordance with FAS 123R. Grant date fair value of options is based on the Black-Scholes option pricing model for use in valuing executive stock options. The actual value, if any, that a named executive officer may realize upon exercise of options will depend on the excess of the stock price over the base value on the date of exercise, so there is no assurance that the value realized by a named executive officer will be at or near the value estimated by the Black-Scholes model. The assumptions used in determining the grant date fair values of these awards are set forth in the notes to the Company's consolidated financial statements, which are included in our Annual Report on Form 10-K for the year ended December 31, 2006 filed with the SEC.

Compensation of Directors

The Company currently pays each of its non-employee directors annual compensation of \$25,000 for services to the Company. In addition, each non-employee director receives \$1,000 per board meeting attended in person or by telephone. The chairman of each committee of the board receives an additional \$500 per board meeting attended. Non-employee directors on committees of the board will each receive an additional payment of \$1,000 for each committee meeting attended on a day other than the day of a board meeting for which that director has been compensated. The audit committee chairman will receive an additional \$10,000 annual retainer.

Non-employee directors are also eligible to receive awards of restricted stock under the 2005 Non-Employee Directors Restricted Stock Plan (the Restricted Stock Plan) as compensation for their services as directors.

Initial Grant of Restricted Stock. Pursuant to the Restricted Stock Plan, each non-employee director receives an initial award of shares of restricted stock equal to \$60,000 (based on the Fair Market Value of a share of Common Stock on the Date of Grant) for service as a director of the Company on the first day of the calendar month following the month in which such non-employee director becomes a non-employee director. On March 1, 2006, 3,625 shares of common stock were awarded to Directors Morrow and Currin. The per share fair market value of the Common Stock on March 1, 2006 was \$16.55.

Annual Grants of Restricted Stock. The Restricted Stock Plan also provides that, as of the date of each annual meeting, each non-employee director shall automatically receive an award of shares of restricted stock equal to \$30,000 (based on the Fair Market Value of a share of Common Stock on the Date of Grant) for service as a director of the Company, provided that such non-employee director shall continue to serve as a director of the Company immediately after such annual meeting. On May 23, 2006, 1,781 shares of common stock were awarded to each of our eight non-employee directors. The per share fair market value of the common stock on May 23, 2006 was \$16.84.

All awards of common stock under the Restricted Stock Plan vest ratably on the first, second and third anniversary of the grant date; however, there is no vesting period on the right to vote or the right to receive dividends on these shares. As of December 31, 2006, there were a total of 39,912 shares awarded under the Restricted Stock Plan of which 6,138 shares are vested.

Beginning in 2007, each non-employee director shall automatically receive an award of shares of restricted stock equal to \$40,000 (based on the Fair Market Value of a share of Common Stock on the Date of Grant) for service as a director of the Company, provided that such non-employee director shall continue to serve as a director of the Company immediately after such annual meeting.

Mr. Carney does not receive any fees or stock awards for his service as a director.

Audit Committee Report

The Audit Committee assists the board of directors in fulfilling its oversight responsibilities with respect to the Company's financial reporting process, by monitoring, among other matters, the quality and integrity of the Company's financial statements, the independence and performance of Deloitte & Touche LLP ("D&T"), the Company's independent registered public accounting firm, and the performance of the Company's internal auditors. Management has primary responsibility for preparing the financial statements and for the reporting processes, including the design and maintenance of the Company's system of internal controls. The independent registered public accounting firm is responsible for auditing the Company's consolidated financial statements and opining upon management's internal control assessment and upon the effectiveness of those controls in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB). The Audit Committee is solely responsible for the compensation, appointment and oversight of the Company's independent registered public accounting firm.

In this context, the Audit Committee has met and held discussions with management, the independent registered public accounting firm and the internal auditors, separately and together, with and without management present, regarding the Company's audited financial statements as of December 31, 2006, and for the year then ended and regarding the Company's internal controls. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles in the U.S. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by PCAOB Interim Auditing Standard AU Section 380 (*Communications with Audit Committees*). Further, the Audit Committee discussed with the internal auditors the Company's plans for and scope of internal audits, identification of audit risks and results of audit activities.

The Audit Committee reviewed and discussed with the independent registered public accounting firm the auditor's independence from the Company and its management. As part of that review, the Company's independent registered public accounting firm submitted to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, as amended (*Independence Discussions with Audit Committees*) in which D&T affirmed its independence from the Company. Further, the Audit Committee discussed with D&T the firm's independence and considered whether D&T's provision of non-audit services to the Company was compatible with maintaining D&T's independence. The Audit Committee concluded that D&T is independent from the Company and its management.

Based upon the considerations described above and subject to the limitations upon the role and responsibilities of the Audit Committee as set forth in the Committee's Charter, the Audit Committee recommended to the board of directors that the audited financial statements for the year ended December 31, 2006 be included in the Company's 2006 Annual Report on Form 10-K.

Date: March 20, 2007

**PROPOSAL NUMBER TWO—RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed Deloitte & Touche LLP, which has served as the Company's independent registered public accounting firm since 1999, to be the Company's independent registered public accounting firm for the year ending December 31, 2007. Deloitte & Touche LLP has advised the Company that it does not have any direct or indirect financial interest in the Company. Representatives of Deloitte & Touche LLP are expected to attend the annual meeting and will be given the opportunity to make a statement if they choose to do so. They will also be available to respond to appropriate questions.

Before appointing Deloitte & Touche LLP, the Audit Committee carefully considered Deloitte & Touche LLP's qualifications, including the firm's performance as independent registered public accounting firm for the Company in prior years and its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee also considered whether Deloitte & Touche LLP's provision of non-audit services to the Company is compatible with that firm's independence from the Company.

Shareholders will be asked at the annual meeting to ratify the appointment of Deloitte & Touche LLP. If the shareholders ratify the appointment, the Audit Committee may still, in its discretion, appoint a different independent registered public accounting firm at any time during the year 2007 if it concludes that such a change would be in the best interests of the Company. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider, but not necessarily rescind, the appointment of Deloitte & Touche LLP.

Fees Billed by Independent Registered Public Accounting Firm

As more fully described below, all services to be provided by Deloitte & Touche LLP are pre-approved by the Audit Committee, including audit services, tax services and certain other services.

The SEC requires disclosure of fees billed by the Company's independent registered public accounting firm for certain services. The following table sets forth the aggregate fees paid to Deloitte & Touche LLP during the years ended December 31, 2006 and 2005:

Fee Category	2006	2005
Audit Fees	\$ 552,200	\$ 462,139
Tax Fees	85,800	78,796
All Other Fees	234,487	256,539
Total Fees	\$ 872,487	\$ 797,474

Audit Fees consisted principally of audit services of our consolidated financial statements, review of our quarterly financial statements, services that are normally provided by the independent auditors in connection with statutory and regulatory filings and the audit of management's report on the effectiveness of our internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002.

Tax Fees consisted principally of professional services rendered by Deloitte & Touche LLP in connection with the Company's tax compliance activities, including technical and tax advice related to the preparation of tax returns.

All Other Fees consisted primarily of professional services rendered in connection of the Company's initial public offering filing, the Company's 401(k) and pension plan audits as well as consultation regarding our acquisition of New England Institute of Technology at Palm Beach, Inc.

Audit Committee Pre-Approval Policy

The Audit Committee approves, prior to engagement, all audit and non-audit services provided by Deloitte & Touche LLP and all fees to be paid for such services. All services are considered and approved on an individual basis. In its pre-approval and review of non-audit service fees, the Audit Committee considers, among other factors, the possible effect of the performance of such services on the auditors' independence.

Required Vote

A majority of the votes cast at the annual meeting will be required to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2007.

The board of directors recommends a vote FOR Proposal Number Two.
